Today's call with EPA is rescheduled for tomorrow. Still working on the draft response to the Mayor. We were not ready for a call today.

Angela, we are not ready to discuss the letter so we need to cancel our call that is scheduled for noon today. Is it possible to talk tomorrow either from 10 to 11 or 11 -12. There is a video conference already set up from 10 to 12 that is the February installment of monthly NPL site calls that Bob Schick and Walter Mugden sit in on. We understand that Walter is not available but there are issues for discussion among other DER/EPA staff that should not take more than an hour so we can work around within this 2 hour time slot if this works for folks.
